

EAQ 10/2

Short description

Sensor for measuring the air quality for WS 170 L/.R., WS 170 K.. and WR 600 ventilation units, rated voltage 12 V - 25 V AC or 12 V - 36 V DC

Application examples

Restaurant, Waiting room, Showroom

Article number 0157.0834

Technical data

Type of voltage	Alternating current/direct current
Rated voltage	12 V - 25 V AC or 12 V - 36 V DC
Output signal	0 V - 10 V
Degree of protection	IP 30
Installation site	Wall
Type of installation	Surface-mounted
Housing material	Synthetic material
Colour	Pure white, similar to RAL 9010
Weight	0,058 kg
Weight including packaging	0,125 kg
Width	72 mm
Height	72 mm
Depth	27 mm
Width with packaging	190 mm
Height with packaging	120 mm
Depth with packaging	50 mm
Sensor measurement range	800 ppm - 1.200 ppm - CO ₂ equivalent
Packing unit	1 piece
Range	C
GTIN (EAN)	4012799578345
